This feels good for early season, although I had some difficulty in the last couple of hurdles. Next I hope to run fast again, at a race in the US.

Sandi MORRIS (USA)

Pole Vault Women - 3rd 4.71 SB

Today was my opening competition, I haven't competed since the diamond league final last season, I had a coaching change, I'm really pleased with opening with 4.71 and to be in the top 3. Today was really about executing some good jumps and just getting my feet underneath. I'm really happy with it. I'm competing in Los Angeles at the end of May, and in the diamond league in Florence and Paris.

05.05.2023 20:27

Tina ŠUTEJ (SLO)

Pole Vault Women - 2nd, 4.76, NR PB

I did not know what to expect coming into the competition, because in practice I only jumped with smaller poles so I did not know how it will go, and I just enjoyed the whole atmosphere and everything. Even though it was a bit difficult with the wind, but still I felt good and I jumped well. I used my new pole so you know I'm trying to get adjusted to them, I still have a lot of work to do, but I felt good today. My last attempt was pretty good even though I was very tired, because I had a lot of jumps, my take off wasn't ideal, that's why I lost the energy at the top, so I have to fix that, have more jumps during the competition. My goal for 2023 is to jump high and break records and win medals.

This is home, so the crowd and support were incredible. It wasn't the performance I wanted, but the atmosphere was amazing, and I thank the crowd for their support. Pole Vault Women - 1st 4.81 WL

I feel great, I'm so happy with how it went, it's a classic first diamond league meeting and I'm figuring it out, and working my ways through poles. I'm really happy that I came in the 1st place. The crowd here is always unbelievable. In the past I've taken shots at world records, and I'll be happy to win them again hopefully, sky is the limit. I definitely wanna defend my title and try to jump as high as I can and break some records. I know I can break my own record, it can take some hard work. My next competitions are the LA meeting, LA grand prix, Paris diamond league, and US nationals and world championships, my point is to do most of the diamond leagues.
